

---TRANSFER STATION GUIDELINES---

- Transfer station open to residents and land owners of the Village and Town of Hancock and the Town of Tompkins. Users must first obtain a permit sticker from Town Clerk.
- Permit sticker must be affixed to passenger rear side window.
- All solid waste deposited in plastic bags must be in **clear plastic bags**. NO BLACK BAGS.
- To prevent litter, NYS law requires all loads to be **covered** during transport.

-----COMMERCIAL HAULERS-----

- Haulers unloading at the same time as the public, must give the public first approach to the compactor and are required to follow any special instructions given by the Transfer Station Manager.

-----SPECIAL WASTES-----

- **Paint cans** with residual paint must be **dried out or filled with cat litter** prior to disposal. **Empty and clean** paint cans can be recycled with scrap metal.
- **Mattresses and bulky furniture** are considered construction and demolition debris. **Box springs** must have the **fabric and wood removed** for recycling with scrap metal.
- **House/Apartment clean outs** are subject to all solid waste and recycling guidelines.
- **Litter clean ups**, illegal dumping and litter in black bags will be investigated to identify the illegal dumper.
- **Wet cell vehicle batteries** are accepted for recycling at the Transfer Station. Bring **Household batteries** to Solid Waste Management Center in Walton for recycling.
- **Appliances** that do not contain freon are accepted at Transfer Station as scrap metal.
- **TV sets, computer monitors, and electronics** are considered hazardous waste by the USEPA. These items are accepted for recycling at the Transfer Station. Please ask your Transfer Station Manager for more information.
